There was an unexpected error (type=Internal Server Error, status=500).

An error happened during template parsing (template: "class path resource [templates/view-pilot.html]")

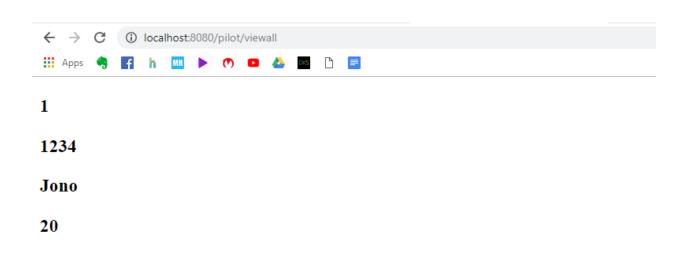

Tidak muncul, karena data sebelumnya masih disimpan pada data access object, bukan di database. Oleh karena itu jika sistem dimatikan dan dijalankan kembali akan menghapus data di data access object dan membuat data menjadi null.

Pertanyaan 5: apakah data Pilot tersebut muncul?

localhost:8080/pilot/add?id=1&licenseNumber=1234&name=Jono&flyHour=20
